

JUMP OUT THE JITTERS

3m 09s

Join us for three animal moves and then a breathing exercise to calm your body back down.

Movement	Seated modifications	Other modifications	Progressions	Watch points
Orangutan Stretch	Reach your left arm up above you and lean your upper body over to the right. Push your left hip down and away from your left arm if you can. Hold for 5 deep breaths and switch sides.	Stand with feet hip-width apart on the floor and do the upper body part of the Orangutan Stretch.		* Hips, shoulders and arm facing straight ahead (not leaning forwards) * Bottom hand pushing into your leg
Eagle Twist	Just do the upper body part of the Eagle Twist	* Raise your left arm out in front of you. Use your right forearm to gently pull your left arm across your body and towards your chest. Hold for 5 deep breaths, then switch sides. * Do the Eagle Twist standing on two feet (instead of lifting one foot).	Try the Eagle Twist with your: - Eyes closed, to challenge your balance, or - Foot lifted higher off the floor and twisted around the opposite leg	* Standing tall (chest upright) * Shoulders down and neck relaxed * Focusing on something still (at eye height in front of you) * Breathing deeply

Movement	Seated modifications	Other modifications	Progressions	Watch points
Star Jump Safari	Curl into a ball, then jump your arms (and legs too if possible) into a star	Step your feet out to make a star, rather than jumping them out. Move your arms out and back in with your legs.	Speed it up	* Moving arms and feet out/in at the same time * Chest upright & back straight * Squeezing tummy muscles * Shoulders pulled down and back * For the 'scissor jumps' make sure the opposite arm and leg are forward
Dragon Breath	Do Dragon Breath in your chair		Make each dragon breath longer and more powerful (trying to breathe your fire out further each time)	* Breathing in through your nose and out through your mouth * Shoulders kept down and back
